

TROJAN BINS

100% Recyclable All Plastic Fire Retardant Sackholders

NO METAL PARTS WHATSOEVER

STANDARD RANGE

These all plastic sackholders conform to NHS fire test, NHS HTM05-03 for Fire Safety and to NHS WM0701 for colour coded waste segregation.

These sackholders are hands free pedal operated and are fitted with removable bodies for ease of cleaning (*fixed bodies are also available*). They come fitted with soft closing lids as standard. These sackholders were specifically designed for the hospital market but are also ideal for catering and industrial use. These sack holders are a modular construction and are 100 per cent plastic. Units come fitted with a bag ring which will secure in an upright position.

This allows for easy removal of the body and replacement of the plastic bag, as well as for cleaning and general maintenance.

- NHS approved
- 10 year Guarantee
- Available in 20,30,45 and 65 litre sizes
- Lid colours: White, Yellow, Black, Tiger Stripe, Orange, Green and Blue
- Removable or fixed bodies made from fire resistant PVC
- Soft close as standard
- Off the wall design
- Cleaning agents up to 10000 parts per million can be used
- Pedal controls enclosed in base of sack holder
